Disposition of Complaint 24-120

Judge:

Complainant:

ORDER

June 14, 2024

The Complainant alleged a superior court judge improperly evicted her.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Barbara Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on June 14, 2024.

In the matter of Justice: I need help understanding. How can a judge allow me to be thrown out on the street? The justice of peace and the amended constitution for the member service of my home was violated. I was lied to, miss lead, and for that I need to appeal the judges decision based solely on justice of the peace. I'm asking for the Amended Constitution for service of my home, permission, to reside in the home, and to keep service going as long as I was in training and complying and following all rules.

I was under the impression and was given reasonable accommodations - hours every single day without pay, and I worked weekends for at least 4 should be given a opportunity to have a fair opportunity. The program was designed for me to become the best civilian solely in the case of the rent owed I was conducting personal services for the AOT coordinator who is my landlord, and the one that is suing me for rent. I worked from home conducting and participating in services. The landlord was not informative about the policy and all program rules. He controlled the finances and I was to work for him in return for shelter, and was promised a car. I was never sexually involved with, but in fact was made to be fact apart of a ~~program~~ program that was in fact

In the matter of judicial proceedings and of professional standards bureau I need help to understand was it legally morally, ethically, spiritually, okay for two judges of justice to become involved in inappropriate conduct with known sheriff officers, and un-lawfully allow a person with disabilities become victims of the long time organized and operated sexual exploitation of people, and the american defence system is designed to fail us. I need help understanding, I have been a very important civilian in the matter. And I need help. I have been wrongfully evicted from my residence. My money from unemployment is being held up. In the matter of my constitutional and civil rights I need help.

meet a program at all. I was willing to help solely because he seemed as he cared for me and didn't want me to lose my children. So he entered into an agreement if I wanted to enter ~~the program~~ ^{this investigation} on how drug and people are being stored and smuggled in I could stay on property and work as his assistant. I have trouble understanding what went wrong. I was paying rent up until I lost my vehicle, and he said you can not worry for if you stay here are be in the program. You can help assist me and I will provide you new transportation. And for service of reasonable modifications I had to completely inform the case of the objection to the right people to help me understand how the judge could see my impairment and allow a house to be used as a means of a residential home - program for people in need. And I need the court to understand I worked for ~~to~~ to earn my keep.
