COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 24-132

Judge:

Complainant:

ORDER

July 23, 2024

The Complainant alleged a superior court commissioner made improper rulings in a child support case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 23, 2024.

Subject: Petition to Remove Judge [redacted] from Office.

Caution! This message was sent from outside your organization.

I pray and I am filing petition to remove Judge [redacted] of [redacted] County for not doing his duty faithfully; he was reckless and wrongful with child support order that further endangered me and my children and against the best interest of the children but favoring our cruel abuser and oppressor liar and extremely dishonest [redacted] of [redacted], AZ, who has been the root cause, controller and why I and children had been in [redacted] !!

The said judge failed to ask me if what happened and why I and children were in [redacted] !!

The said judge just bashed me as petitioner that added more shock and trauma to me and children just like he sentenced me and children with death penalty, extreme hardships, slavery until I expire!!

In fact, [redacted] deprived me freedom and financially, enslaved and forced me to support and raise children by myself, threatened my life and children's lives while he plundered our marital assets with his mistress in [redacted] AZ. [redacted] told me to go back to [redacted] with children and he did everything in his power threatening our lives while were together, he mislead me, he gave me false hopes but I later realized that he just fooled and tricked me and the Justice system for his own advantage and he used my body doing his parental responsibilities and deprived my spousal rights and he also sold our house without my knowlege!! Children's and my overall health and well being have been in a very broken shape!! If judge [redacted] did his duty in good faith, I and children would be in a less hard less painful and less traumatic situation and could have returned to U.S. earlier years ago!! Judge [redacted] acted like conspirator to our abuser [redacted] who almost took my life!!

My head and body aches again now I cannot go on so I will pause here. Hoping that [redacted] Court must step into our case I pray.

Respectfully,
