**ORDER**

July 23, 2024

The Complainant alleged improper legal rulings by an appellate court judge hearing a civil case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on July 23, 2024.

I had high risk pregnancies and pregnancy complications are very real. In my last pregnancy, I did develop [ ] and I have gone from a [ ] to a [ ] due to these pregnancy complications. According to the Americans with Disabilities Act, [ ] is considered a disability. The best course of action during pregnancy complications is for timely treatment of the pregnancy complication. In some cases, this means ending the pregnancy before serious complications develop. By the way, I had difficulty breathing everytime I was touched over a week prior to giving birth during my last pregnancy due to the [ ]

Here in Arizona, ARS 13-3623 states that it is a felony for an individual to medically neglect a vulnerable adult. Since pregnancy complications are very real and since these pregnancy complications has the ability to incapacitate a pregnant person, I do believe Justice [ ] has violated this state law. This means in her rulling on [ ] to uphold the 1864 abortion ban not only caused her to violate ARS 13-3623 laws in regards to medical neglect of pregnant women here in Arizona by denying timely treatment of pregnancy complications if the required treatment is an abortion, she has also placed doctors in the state in committing the same felony. In matter of fact, she has made it to where any doctor who performs an abortion where it is medically necessary but not an immediate threat to the life of the mother facing a felony, the same doctor still faces a felony of medical neglect by failing to perform the medically necessary abortion.

Therefore, Justice [ ] has placed all OBGYNs and ER doctors into a no win felony scenario. The only solution to this is for Justice [ ] to be disciplined for intetnionally endangering the welfare of all women's health here in the State of Arizona and have her charaed with the felony that she has committed. No one is safe in the State of Arizona while she is still a [ ] Court Justice. After she is removed from office, please throw out the ruling on the 1864 Abortion Ban since it is with the intent to endanger the welfare of women.
