Disposition of Complaint 24-302

Judge:

Complainant:

---

**ORDER**

December 4, 2024

The Complainant alleged a superior court judge delayed ruling on matters and violated his constitutional right to due process.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on December 4, 2024.

This complaint was started the Judge had 60 days to sign the decision which has not been signed. It has been a full year & I was forced to retain my lawyer, because once the judge signed the complaint I would have 30 days to appeal. The judge has not signed any decision. It has been a year. The case is preventing me due process. The judge is bias & he came to civil court from child welfare. He has complaints that he does not listen to evidence, makes up his own rules - and is unfair in decision. He has case in child welfare and many are being re-heard. He is bias & never listened to evidence & allow the lawyer lie & make a story. He had a hearing. He need to be removed as a judge & replaced & a new judge need to be assigned. I have been patient & 1 year is a violation of due process

The complaint was made that the judge was bias. He did not follow due process. MAY have been proven with other complaints. He made a bias decision allowing the defendant lawyer read statements that were untrue, not providing evidence and he overruled another judge. A decision was given with no review of evidence and great harm has been done. a court date to be denied. He also now has not signed his decision for over months. My lawyer is saying there is no due process. The defendant lied, presented her story which was not reviewed for fact. she did not present any evidence the judge would review, he did allow perjury and there is fraud. The judge is guilty of subornation of perjury. month he has not signed his decision. 2 prevents A Appeal to be offered. This has caused great person damage. I demand another decision of due process. The Judge Is Part of Child Welfare crisis, There is History & Evidence.
