COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 24-348

Judge:

Complainant:

**ORDER**

October 25, 2024

The Complainant alleged a superior court commissioner allowed witnesses to tell lies and let the plaintiff go first in a protective order hearing.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Copies of this order were distributed to all appropriate persons on October 25, 2024.

To whom this concerns

Hello my name is [redacted] I was at the [redacted] County [redacted] CourtHouse today [redacted] for an injunction against harassment hearing. Judge [redacted] allowed the plaintiff in the case to commit perjury under oath. She was disrespectful to me as the defendant in the case asking me what I was doing here today why am I even contesting this hearing. She wouldn't hear anything I had to say. She believed all the lies that the plaintiff was saying. The plaintiff is currently being held in contempt of court in a juvenile court case by [redacted]. Because the allegations she's made against me are false and she coached her children to say it. If the children didn't say it she beat them. The judge needs to be disbarred and reprimanded for her misconduct today in my hearing. Judge [redacted] allowed people to commit perjury in her court room when the plaintiff was under oath and kept an injunction against harassment against me as the defendant with false allegations... That's why I don't trust judges because they allow people to lie under oath and they don't do anything to stop it. [redacted] put an injunction against harassment against me for another year when the plaintiff in the case was lying under oath today. I told the truth and I got treated disrespectfully by the judge. She needs to be disbarred and reprimanded for her misconduct today
