COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 25-144

Judge:

Complainant:

ORDER

July 29, 2025

The Complainant alleged a superior court judge was biased in making improper rulings in an order of protection hearing.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Regina L. Nassen and Christopher P. Staring did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on July 29, 2025.

To Whom it may concern,

Good morning. My name is, . I am reaching out to the Commission of Judicial Performance to officially file a complaint against Judge for her Blatant Biased Judgements and Judge Failure to follow Proper Judicial Procedures.

One example of Judge not following Proper Judicial Procedure would be in Case Number: Judge allowed evidence to be used against Me which had no Relevance in supporting the Complainants Allegations and was accepted by the Judge without a Proper Supplemental prior to the hearing. The evidence was not an example of Me committing Domestic Violence, rather It was a video of my soon to be Ex-wife bringing our minor daughter into the house during an argument, my Ex chasing Me around the house cussing at me, and my Ex videoing me into the Master Bedroom an Bathroom which is a Violation of My CIVIL RIGHTS. Judge also allowed a handwritten letter from my year old daughter recalling an incident that happened when she was or . The letter written by my daughter is obviously coached because she added that same story to one of her Social Media posts and the stories differ.

Judge Judgement in the OOP case has already been accepted by the Appealant Court and is under further review.

Since Judge has allowed Irrelevant evidence to be used against Me and considering Judge is the Judge on both my OOP case and my DO Case Number: . Judge has made many Biased Unfair Judgements that have Negatively Affected the Relationship I have with my children, who I have been full-time involved with raising since they were born without incident. I have not seen or

spoken to our children since

There has been NO Reported Domestic Violence in my entire marriage to

. It is even stated in our children's Therapy notes that the children Never witnessed any Physical Violence just some Verbal Arguing.

Judge Improper use of Authority must be stopped before she ruins more peoples lives off of Falsified Allegations. I am begging this Commission to please review these Life Destroying Judgements Judge has made in these cases so I may Repair and Maintain the Loving and Nurturing Relationship I have been establishing with our children since BIRTH.

Thank you very much for you time and consideration in this Outrageous Situation. I look forward to receiving some sort of direction from this Commission so that I may move forward with being part of my children's lives.

Sincerely,
