

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 25-349

Judge:

Complainant:

ORDER

August 13, 2025

The Complainant alleged an appellate court judge improperly denied her writs of mandamus in a civil matter.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Michael J. Brown and Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on August 13, 2025.

All judges linked to [redacted] (Writs of Mandamus)
- systemic misconduct as repeated efforts to force judgements (protections, injunctions, sanctions or lower courts to rule
- kept issuing orders as "review" not mandamus + closing in error
use case file as reference for [redacted]

All Judges linked to [redacted] (Writs of Mandamus)
- as appeals failed to redress motioned to by county then requested consolidation/expansion based on even more misconduct as again uses "review" instead of mandamus + close other remains w/o action to date

I found one letter:

- case
- Panel: and .

I would prefer as clerks declined to provide them for any and all cases if CJC can use the case files for reference (and obtain directly) as requested since the systemic denials of service continue (clerks not providing information as I am plaintiff pro se). As you can see the information I receive is restricted - no first names and do not have e-file access to pull this information (mail only).

I can demand FOIA and request again, but they can continue to deny me this

information.

Based on the systemic overlap in ongoing misconduct I've consolidated for efficiency.

Please note, all judges were made aware of the extreme living conditions in motions (no running water, extreme vandalism, retaliation and more). Again and again writs of mandamus were sent, reinforced and no action taken or closed with misconstrued

information. Please reference case files for specifics, otherwise I can provide more
