COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 25-390

Judge:

Complainant:

ORDER

December 16, 2025

The Complainant alleged a justice of the peace fraudulently found Complainant guilty of a traffic ticket when it was not her.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Michael J. Brown did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on December 16, 2025.

If the judge rules any way but dismissal under wrongful clerical entry it holds the judge liable for wrongful prosecution of a false entry thus the procedural error motion. We have the right to defend ourselves in a court of law on any thing that's done and my defense if wrongful entry and grounds for dismissal
