

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 25-450

Judge:

Complainant:

ORDER

February 20, 2026

The Complainant alleged a pro tem superior court judge vindictively reinstated an order of protection when she had recused on Complainant's other types of cases.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Denise K. Aguilar, Colleen E. Concannon, and Christopher P. Staring did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on February 20, 2026.

Dear Commission Members,

On _____, I filed the attached **Emergency Motion for Recognition of Judicial Interference, Retaliation, and Request for Immediate Relief** into case _____ (Order of Protection). This same filing is already on record in my related **divorce case** (_____) and **civil property case** (_____).

The attached motion documents:

- The **Arizona** _____ **mandate of** _____ which vacated the OOP.
- Judge _____ improper **“reinstatement” of the vacated OOP on** _____ despite her prior recusals in my divorce and civil matters.
- The pattern of retaliation tied to my _____ citation and my arrest following Judge _____ interview with the _____ County Sheriff’s Office.

By filing the identical motion across _____ dockets, I have ensured the overlap and systemic misconduct are undeniable in the court record. The enclosed photo of the _____ filing stamp and the PDF of the motion (with exhibits) confirm that this issue is now preserved in the OOP case itself.

I respectfully request the Commission review this matter urgently, as Judge _____ actions undermine appellate authority, violate due process, and raise serious concerns of judicial retaliation.

Respectfully submitted,

I. INTRODUCTION

Defendant, [Redacted] appearing self-represented, respectfully submits this Emergency Motion to protect the integrity of these proceedings from judicial interference, retaliation, and void orders issued by Judge [Redacted] after she had recused from related matters and after the Court [Redacted] issued its controlling mandate.
