COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 26-032

Judge:

Complainant:

ORDER

April 7, 2026

The Complainant alleged a superior court judge engaged in ex parte communication in a criminal case.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission member Delia R. Neal did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on April 7, 2026.

Is the link to the whole of my case files, that I have collected over the years from the cases.

These files are free to share to anyone and express, that it be used as evidence of the unlawful practices made.

On _____, Ex Parte Communication, occurred when a motion over restitution payment had occurred. It was _____, and _____, I was self-representing myself at this time and given _____ as counsel in short notice. Motion hearings started _____, until; _____.

I was not present for the calling of _____ for the motion. It would not be noticed by _____, either, who would be on council on _____. What I know, it happened on the same date and same courthouse. It would be of _____, telling me of this hearing of this himself, self-declaring he gave Ex-Parte Communications without my notice to my former attorney, who held attorney-privilege rights and gave it up voluntarily to, _____. I never received paper or electronic notice of their communication, compromising the motion I had filed by hand to the _____ Court of _____ County.

I would receive text messages to have warrants squashed.

It would be in the google drive, Communication records- Clerk AZ, from within the court.

Of this restitution hearing, I self challenged it because of unlawful and balance challenges.

MOTION: Restitution Hearing: , from Disposition Date: . A total of days.

-17B A.R.S. Rules Proc. Evic. Act., Rule 14

-18 U.S.C. § 3664(d)(5)

That the court & judge had violated and caused unlawful use of the law. That the defendant pays for damages after days from the filing date. Which violates the federal and state laws of Arizona. It gives opportunity for further damages to .

As of writing, , a sustained arrest warrant not a bench warrant for restitution. By , a potential civil case for restitution. A criminal case that exceeded its time, years, sentence, . With a days credited time. Without a reasonable doubt, I find it lacking, because I haven't been back to Arizona without giving notice since . Last time, I needed to go for an extradition warrant for this case for not paying restitution. This warrant is/was filed by Judge , County Court.

Since the payment site, by human error or by machine error, did not pay into restitution.

I did not attend court, which was required to be in-person, however; and Arizona probation never gave me written permission or electronic permission from Interstate Compact for Adult Offender Supervision (ICAOS), to be able to attend without violating probation and facing immediate arrest.

These exceed my 4th amendment rights, as it gave purpose for their arrest, but never a chance legally to challenge or find resolution. It put me into a corner like an animal, at this time lacking any legal counsel.

On _____, which caused me to be incarcerated for _____ days in _____, _____, for that warrant, have the warrant changed to in-state from out-state warrant, and have it on-going without notice.

I did not have a notice of a _____, hearing either paper or electronic. I would receive an arrest warrant notice for in-state by defense attorneys, none provided by the state clerk or its services in minute entry without e-access. Of the same warrant being sustained or new one being made up to be sustained?

Judge _____ warrant. Confirmed by _____, in the _____ County Sheriff's Office. It was also clear to me this warrant was executed fully.

_____, Judge _____ upholds the warrant not issued by him, as of writing, arrest warrant stands instead of a bench warrant. Without probable cause I don't see any filing for Interlocutory Orders and Substantial Change in Circumstances. It is hard to uphold, as again, I have never entered into the state of Arizona since _____.

It would be of great notice, my plea agreement, having misgender as _____. As on my id and records as _____.

In, Uniform Conditions of Supervised probation,

Continuing, my address being the courthouse, even though the court has my current addresses.

Not including days incarcerated, as credited, released from County Adult Detention

Center until against the disposition date.

I had reported this case personally to the , r Justice Court, , &

Justice Court .

As it was a lower court, it gave what it told by the () to the

 Court and ignored what it was told to from the . Perhaps, dropping the
restitution, or the whole case? I do not know who or what was told. But, I'm aware the was
involved because I had asked the directly about my case. The County Court
and , ignored what was told by the . But, it seems clearer,
ignored a lower court order from the .
