COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 26-145

ORDER

May 28, 2026

The Complainant alleged a superior court commissioner failed to follow the law in a criminal case by issuing a lenient sentence and was biased.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer. In this instance, the Commission found no evidence of any violation.

The Commission received multiple complaints regarding the sentence issued by the judicial officer in an animal abuse/cruelty case. Additionally, an animal rights website urged individuals who disagreed with the decision to file complaints with the Commission. Due to the volume of complaints and the web criticism, the Commission has chosen to issue this explanatory statement.

The sentence issued by the commissioner was within the lawful sentencing range for the crime of which the defendant was convicted, a class 5 felony. The commissioner's sentence exceeded the recommended sentence requested by the State. The defendant has appealed his conviction, and it will be up to an appellate court to determine if the conviction/sentence in this matter should be affirmed or reversed.

The complainants generally expressed that they felt the sentence in the defendant's case was too lenient. The Commission is not a reviewing or appellate court. It is a regulatory body. The Commission has no power to reverse judicial decisions or to direct any court to do so.

After reviewing all relevant evidence available, the Commission concluded that there was no evidence of any Code violation. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

A man who beat his neighbor's _____ to death with a shovel will spend just _____ days in jail. Despite a jury finding _____ guilty of felony animal cruelty for the brutal killing of _____ the court imposed a sentence of _____ days when he could have been sentenced up to 2 years in jail.

_____ was also caught on film slamming his shovel down on this porch _____ that wandered onto his property. After he murdered this pup by beating him to death with the shovel, he picked up his body and flung it over the back of his stone wall. (His yard was enclosed by a stone wall, NOT a fence.)

This man is an evil monster that got away with murder. People are fighting against animal abuse all over the country and here the _____ Police Department recommended felony animal cruelty charges, and on _____ a _____ County grand jury indicted _____. So proud of both of them. Then, when the trial hits, _____ County Court Commissioner _____ lets _____ off the hook with _____ days in jail. If that was my dog, I would have been devastated. That man just got away with murder! And, he will feel that he can do it again. All the sick people in that area know they can get away with it, too.

Next time a person is brought up on FELONY animal abuse & murder charges - take a look at what this leads to in the future. Most likely, anyone that can do this to a living pet that does absolutely nothing wrong, WILL do it to a human next. Think next time before your punishment does not fit the crime. This is so disturbing. I am absolutely disgusted, and I hope in the future that _____ County Court Commissioner _____ is not allowed to judge cases of animal cruelty.
