

State of Arizona
COMMISSION ON JUDICIAL CONDUCT

Disposition of Complaint 2026-208

Judge:

Complainant:

ORDER

June 5, 2026

The Complainant alleged a city court judge was biased against him in protective order matters.

The role of the Commission on Judicial Conduct is to impartially determine whether a judicial officer has engaged in conduct that violates the Arizona Code of Judicial Conduct or Article 6.1 of the Arizona Constitution. There must be clear and convincing evidence of such a violation in order for the Commission to take disciplinary action against a judicial officer.

The Commission does not have jurisdiction to overturn, amend, or remand a judicial officer's legal rulings. The Commission reviewed all relevant available information and concluded there was not clear and convincing evidence of ethical misconduct in this matter. The complaint is therefore dismissed pursuant to Commission Rules 16(a) and 23(a).

Commission members Regina L. Nassen and Christopher P. Staring did not participate in the consideration of this matter.

Copies of this order were distributed to all appropriate persons on June 5, 2026.

COMPLAINT AGAINST A JUDGE

Name:

Judge's Name: Judicial Officer

Instructions: Use this form or plain paper of the same size to file a complaint. Describe in your own words what you believe the judge did that constitutes judicial misconduct. Be specific and list all of the names, dates, times, and places that will help the commission understand your concerns. Additional pages may be attached along with copies (not originals) of relevant court documents. Please complete one side of the paper only, and keep a copy of the complaint for your records.

The cases in question continue to follow the clear and Bias behavior toward me of at least an out of state litigant Pro Se (I was an actual resident of Arizona for over years including) against two petitioners that have committed perjury and non compliance of directives under the law. It is clear that the City Municipal Court is a BIAS Joke, emphasized by this telephonic hearing. It did not take long to lash out at me and the Magistrate Judge who granted me an extension for this hearing telephonically due to the unknown reality of Private Number Blocking on my cell phone, which was then unknown on my phone service. It was updated by my carrier and I advised the court soon thereafter.

direct statement toward me was "
 '. Then shortly thereafter, attempts to suggest that evidence submitted by me would not be read in its entirety, not to mention a complete lack of recognition of the facts. Some of this behavior by opinion stems from the defiance and ultimately the protection of my brother as one of the Petitioners because he is a convicted criminal felon with a rap sheet a mile long. The entire Judiciary nationwide now leans so far to the left that judges will soon need extra health insurance coverage from falling off their chairs behind the bench. This defiant favoritism and protection of criminals nationwide is beyond deranged, highlighted by a genius Federal judge in that recently stated "
 ". What ???

In continuation, these two cases will be appealed unnecessarily to the County Court given at least the submission by my brother accusing me of hiring a hitman to assassinate him or whoever, and is a completely maniacal, statement of perjury that has stood by dismissal of the Court. This is just the beginning of other and extensive examples of meaningless jargon within the false accusations toward me. basically ignored me as much as possible, which likely stems from my other two complaints against judges to your offices. Like it or not, colleagues gossip and protect.

In conclusion, the narrative used and accompaniment of tone is as unethical example of this ridiculous court of law as any decent individual will ever become aware of. This is especially true when statements of perjury prevail, and against the fact that I am both an outstanding American Citizen, and a U.S. Navy Veteran without so much as a blemish against me worldwide. It is an insult to my credibility and character, and at the time representing my parents estate as the Power of Attorney, which is likely the sole and underlying factor of this retaliation by my brother and the other petitioner But, as my father regularly reminded me.."
